

FAQs

What is the challenge?

Challenge your students to 100 Skips a Day at School throughout August. Get fit, while raising funds for vital research into finding treatments and cures for 1 in 20 kids facing a birth defect or genetic disease.

When does the challenge run?

The challenge starts on 1 August 2024 and ends 31 August 2024.

How does my school get a fundraising page?

By registering for 100 Skips a Day at School your school's fundraising page was automatically created.

Can others register under my school?

Yes. Once you've registered your school, you can go to your dashboard and invite other teachers to register their classes.

Scan the QR code to
access your dashboard!

event](https://fundraise.jeansforgenes.org.au/login/event)

Will others automatically be added under my school once I invite them?

No. They must accept the invitation and complete a short registration form

Why should I ask classes to register under my school?

This gives each class their own fundraising page and the ability to see how much each class has raised. It's a fun way to create some friendly competition.

Can others request to register under my school?

No. People can only register under your school if they have received an invitation from you.

Can students register themselves under my school?

No. Only teachers and school staff members may register for 100 Skips a Day at School.

How will we know our school's overall fundraising total if I ask classes to register?

Whether you do all of your fundraising under one school fundraising page, or through multiple class pages, everything will roll up to the school page as one total.

How do we collect donations?

Share your fundraising page URL(s) everywhere you can think! School newsletters and school social media accounts are a great place to start. Distribute your class and/or school fundraising page URLs to your students' parents and ask them to share amongst their family, friends and colleagues.

How do my students log their skips?

Simple! You can find our downloadable 100 Skips a Day skipping calendar on your dashboard or by scanning the QR code below. Print one out for everybody and distribute them to your students. Every day they complete their 100 skips, be sure they mark it on their calendar.
