

MEDICAL JEONS
RESEARCH FOR GENES

# RAISE MONEY. FIND CURES. **JEAN-IUS.**

#### Welcome!

Your Jeans for Genes **Fundraising Toolkit** for Preschools, Childcare and Early Learning Centres

Jeans for Genes Day Friday, 4th August

#### **THANK YOU FOR TAKING PART IN JEANS FOR GENES**

By generously signing up your preschool to raise money through Jeans for Genes, you're directly helping Children's Medical Research Institute to find cures and treatments for children's genetic diseases, like metabolic disorders, autism, blindness—and even cancers.

Genetic diseases affect more children than most people realise.

#### 1 in 20 kids is born with a birth defect or genetic disease.

You likely have one or more children in your preschool with a genetic disease. You likely know and care about someone living with a genetic disease.

Genetic diseases are one of the leading causes of death in kids under four and the main cause of ongoing hospitalisation. We are determined to improve these statistics for future generations. We cannot find the cures without medical research, and we cannot fund the research without your support.

Jeans for Genes Day is officially held on Friday, 4th August, but you can hold your Jeans for Genes Day any time in August.

Young mum Lucy worked in the health care sector but never contemplated how vital investment in research was until her first-born Teddy was diagnosed with a genetic disease.

He now lives with a neurodevelopmental disorder known as CTNNB1 syndrome which means they are unsure whether he will ever walk or talk.

"You just love your kids, no matter what," Lucy said. "We had all the genetic testing you can get while you're pregnant, and I didn't plan to have a child with a disability, but it happened, and you just move on."

Children's Medical Research Institute is working on a gene therapy for this condition which gives families like Teddy's real hope for the future.

"It can affect you out of nowhere.
You might even know someone
who has a condition that is
being researched by the team
at Children's Medical Research
Institute." Lucy said.

"They're so close to some incredible discoveries. We just need to tip it over the edge. And money is the way that more research happens."

#### **Register your preschool**

**Register**, set up an online fundraising page, and get access to amazing resources.

#### Plan your day

Decide what activities you want to do on the day and start planning.

#### Gather and raise funds

Ask parents and teachers to donate to help cure children's genetic diseases.

#### Time to get social

Whether your kids are dressing in denim, painting jeans, taking on our new 100 Skips a Day at School skipping challenge or decorating cupcakes with blue icing, we'd love to see you sharing the excitement. Be sure to post on social media and tell everyone that you're taking part!

Please tag our page @jeansforgenesau on Instagram or Jeans for Genes Australia on Facebook, and use the hashtag #jeansforgenesau

#### New in 2023!

This year, register your school for our first ever 100 Skips a Day at School Challenge! Sign up to get a fundraising page, access to fundraising and STEM resources, and a downloadable skipping tracker. Each student and class can track their progress throughout August, while parents share the school's fundraising page to their networks and donate to encourage the kids and help find cures!

#### OR TAKE PART IN ONE OF OUR OTHER ACTIVITIES

#### **Wear Jeans**

Organise a mufti day and ask parents to donate to your school's online fundraising page

#### **Bake it Blue**

Host a blue themed bake sale

#### DIY

Make your own idea come to life

## ELEVATE YOUR FUNDRAISING

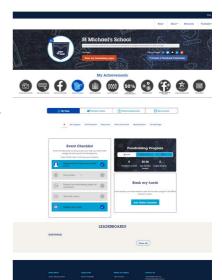

If you haven't already done so, jump online and register as an official Jeans for Genes fundraiser at <u>fundraise.jeansforgenes.org.au/fundraise-for-us.</u>

You'll automatically get an online fundraising page which makes fundraising easier for you and your donors - and the easier it is to donate, the more likely people are to do it!

- Just copy, paste, and post the link to social media and collect donations online. Easy!
- No cash? No problem. Refer people to your fundraising page where they can donate by card.
- You can pay in any offline donations you collect through the link.
- Online fundraising allows you to include people who can't attend your event but still want to contribute.
- Change your fundraising goal and post updates right on your page... and share!

#### **Resources to Download and Print**

If you register, you'll also find lots of useful resources in your online fundraising hub - https://fundraise.jeansforgenes.org.au/login/event. You'll find posters, bunting, DIY donation jar labels, fundraising guides, easy to share social media and newsletter images and more! It's also where you will find our fantastic Future Scientist Activity Pack for your centre and at home. If you need anything else, just email or call us and we'll do all we can to help.

#### WHAT IMPACT WILL I MAKE?

Every minute, 12 kids globally are born with a birth defect or incurable genetic disease.

The funds you raise make a difference.

### \$30 PREVENT BLINDNESS

By sequencing one child's DNA to diagnose an inherited eye disease, we can provide hope and the possibility of a cure.

### \$50 UNRAVEL UNKNOWN DISEASES

Fund stem cell and organoid research needed to understand and develop treatments for rare genetic diseases in children where currently little is known about their condition.

## \$80 REVOLUTIONISE CANCER TREATMENT

Purchase one "big data" scan that allows us to see more than 7,000 proteins in a cancer cell and improve cancer diagnosis and treatment planning.

### \$120 CURE GENETIC DISEASES

Help fund Gene Therapy research, 'the medicine of the future', which can cure previously incurable genetic diseases with a single injection.

## THANK YOU FOR ALL OF YOUR AMAZING FUNDRAISING EFFORTS.

If you have any questions, or need anything to help your fundraising go the extra mile, don't hesitate to get in touch via email or phone.
