CHILDREN'S
MEDICAL
RESEARCH
INSTITUTE
Jeans
for Genes®

WHAT IMPACT WILL I MAKE?

1 in 20 kids face a birth defect or genetic disease.

We can't find treatments and cures without medical research,
and we can't do the research without your support.

\$30

PREVENT BLINDNESS

By sequencing one child's DNA to diagnose an inherited eye disease, we can provide hope and the possibility of a cure.

\$50

UNRAVEL UNKNOWN DISEASES

Fund stem cell research needed to understand and develop treatments for rare genetic diseases where currently little is known about their condition.

\$80

REVOLUTIONISE CANCER TREATMENT

Purchase one "big data" scan that allows us to see more than 7,000 proteins in a cancer cell and improve cancer diagnosis and treatment planning.

\$120

CURE GENETIC DISEASES

Help fund gene therapy research, 'the medicine of the future', which can cure previously incurable genetic diseases with a single injection.
